

Specialty media for most solvent and UV curable inkjet printers

Product Description

Océ Solvent inkjet media is ideal for display graphics printing including indoor and outdoor signs, banners, posters and other graphics. Océ Solvent inkjet media can be used in most large format solvent inkjet printers including Océ, Mimaki, Mutoh, Roland and Seiko. Océ solvent inkjet media delivers consistent, high-quality results, simplifying your display graphics requirements saving you time and money.

HPSTRSOL

Outdoor Poster Paper

212 gsm heavy weight latex saturated indoor/outdoor poster paper designed to maintain cohesive paper fiber strength when wet and when used with wallpaper paste.

PHOTOECO

Economy Gloss Paper

Economical glossy paper designed for bright image pop and short term use. This 8 mil thick paper will provide near photo quality images.

PHOTOSAT

Premium Satin Photo Paper

7 mil thick paper is designed to provide photo quality images with a satin finish. The high quality coating produces smooth gradient transitions and uniform color.

BLITSOL

Matte Backlit Film

A rugged 7 mil polyester (PET) Backlit film, designed to produce a high quality matte image

ODBLF

Quick Dry Matte Backlit Film

This 7 mil matte film was developed to provide maximum image density while using less ink than most backlit films.

UBF6

Universal Banner

6.5 mil thick polyester weave banner fabric. With a universal coating that is compatible with aqueous, and solvent ink sets.

SCRIM10G & SCRIM10M

Gloss & Matte

A smooth, fray resistant, 10 oz & 13 oz polyester weave, fused between two layers of PVC vinyl provides for good image quality. Gloss and Matte.

SCRIM13G & SCRIM13M

Gloss & Matte

Fray resistant 13 oz polyester weave fused between two layers of PVC vinyl. This thicker banner media is perfect when greater durability is needed.

SCRIM2XM

Print both sides

Printable on both sides, matte, scrim banner with a light block out layer. Exceptionally smooth, and easy to print with most solvent printers.

SCRIMBOM & SCRIMBOG

Blockout

Polyester weave fused between two layers of vinyl, this 100% opaque block-out scrim is durable and provides a great printing surface. Gloss and Matte.

CALVIN6G & CALVIN6M

PSA Vinyl

5.5 mil calendared vinyl with a solvent based pressure sensitive adhesive back with a coated paper release liner. This product is very easy to apply with no application tape.

MESHBANR

View-through Mesh Banner

270 gsm mesh banner features one-way vision for view-through displays, and an easy to remove liner that allows you to apply your own adhesive.

Océ solvent and UV curable display graphics printing inkjet media supplies

Printer Compatibility

Océ solvent inkjet media can be used in most large format solvent inkjet printers including Océ, Mimaki, Mutoh, Roland and Seiko.
