Relative Humidity 30-70%.
- Repack opened rolls when not in use
- One year at conditions noted above
- Allow material to stabilize to room conditions 24 hours before use.

Environmental, Health & Safety

- No Material Safety Data Sheet required.
- Waste not suited for recycling.

Main Applications

- POS signage
- Posters
- Tradeshow and portable displays

Printer/ Ink Compatibility

Can be used on all commercial thermal and piezo water-based printing systems like, Océ, Epson®, Canon®, Hewlett-Packard®, Kodak® and Encad®. For a compatibility chart on our website go to: www.oceusa.com/imagingsupplies

Handling Recommendations

Due to the absorptive nature of the coating, you should avoid touching the coated surface. It is always recommended that cotton gloves be worn when handling ink jet coated materials. Rolls are supplied coated side out.

Laminating

Can be overlaminated with either hot or cold laminates. Make sure that prints are completely dry prior to laminating.
